Trichy, Tamil Nadu - 620006, India

PROFILE SUMMARY

MCA student (GPA 9.22) specializing in Python, Machine Learning, and NLP. Built an AI-based face recognition attendance system achieving 98.2% accuracy, and an emotion-detection chatbot using NLTK and Scikit-learn. Experienced with Python, OpenCV, Django, SQL, and data visualization tools. Seeking an entry-level role in AI/ML, Python development, or data analytics where I can contribute immediately.

EDUCATION

MCA Bishop heber College(Autonomous) GPA: 9.22/10.00	June/2024 - Present Tiruchirappalli, India
BCA Seethalakshmi Ramaswami College (Autonomous) GPA: 9.00/10.00	June/2021 - April/2024 Tiruchirappalli, India
12th-HSC Savitri Vidyasala Hindu Girls Hr Sec School Percentage: 77.82%	June/2019-April/2021 Tiruchirappalli, India

SKILLS

- Languages:** Python, Java, HTML, CSS
- ML/AI:** Scikit-learn, OpenCV, Pandas, NumPy
- Frameworks:** Django, Streamlit, Flask
- Databases:** MySQL, SQLite, SQL
- Visualization:** Power BI, Tableau, Matplotlib, Seaborn
- Tools & Platform:** n8n, MS Excel, Canva, Jupyter Notebook
- Soft Skills:** Communication, Problem Solving, Adaptability, Self-Learning
- Other Tools & Technologies:** Git, MS Excel, Canva, Adobe Photoshop, ChatGPT.

CERTIFICATIONS

- Data Science and Machine Learning** — Root IT Learning Center, Trichy
- Python Programming** — Coursera
- Basics of Artificial Intelligence and Machine Learning** — Infyio
- Diploma in Information Technology** — INFOSCHOOL, Tiruchirappalli
- Workshop on Data Visualization Tools** — Bishop Heber College

INTERNSHIP

- | | |
|---|----------------------|
| Python & Django, Gateway Software Solutions. | May/2025 - June/2025 |
| <ul style="list-style-type: none">Developed backend modules using Python and Django, contributing to a functional web application within a 1-month timelineDesigned and queried relational databases using SQL, implementing CRUD operations for application data managementBuilt and styled frontend pages with HTML and CSS, integrating them with Django templates for dynamic content rendering | |
| Python, Greensoft Groups. | May/2024 - June/2024 |
| <ul style="list-style-type: none">Processed and cleaned real-world datasets of 10,000+ records using Pandas and NumPy, improving data consistency for downstream analysisPerformed exploratory data analysis (EDA) to identify trends and outliers, summarizing findings in structured reportsAutomated repetitive data formatting tasks using Python scripts, reducing manual effort by an estimated 60% | |

MAIN PROJECTS

- Employee Management System**
Developed a web-based system to manage employee records, roles, attendance, and salary with secure authentication and role-based access control.
Technologies Used: Python, Django, HTML, CSS, JavaScript
Database: SQLite
- Post Office Management System**
Built a desktop application to manage postal records, customer details, parcel booking, tracking, and transactions efficiently.
Technologies Used: VB.NET
Database: SQL Server
- AI Based Automated Attendance Tracking System**
Developed an AI-based system to automate attendance tracking using face recognition technology. The system detects and identifies individuals in real time and records attendance securely in a database, reducing manual effort and improving accuracy.
Technologies Used: Python, OpenCV, Machine Learning, Streamlit.
Database: SQLite
- Emotion-Based AI Chatbot**
Developed an NLP-based chatbot that detects user emotions and generates empathetic responses through sentiment analysis and emotion classification.
Technology Stack: Python, NLTK, Scikit-learn

RESEARCH

"An Integrated AI-Assisted Framework for Real-Time Attendance Tracking and Behavioral Analysis"

- Achieved 98.2% recognition accuracy using a hybrid HOG + deep embedding face recognition pipeline
- Optimized for CPU-based real-time inference at 4–6 FPS without GPU dependency
- Validated system performance using precision, recall, and F1-score metrics

ACHIEVEMENTS

- Served as Secretary, MCA Association, Bishop Heber College (2025–2026)
- Awarded “Certificate of Merit” for outstanding academic performance.
- University Rank Holder.
- Recognized as an Academic Topper for consistent high performance.
